

Statement of Academic Integrity

I understand from Orientation and/or other information given to me that plagiarism is cheating and will not be tolerated. Plagiarism is to copy the work of others and submit it as your own.

I understand that it is not OK to:

- copy content from the textbook, course readings, study guide or PowerPoints without rewriting it in my own words
- copy content from the internet without rewriting it in my own words
- copy and submit other people's work, as if it was my own
- submit any other copied content or answer, from any other source, as if it was my own.

I understand too that if I am found to have plagiarised, I can face academic penalties including reassessment or cancellation.

In submitting any assessments for my course, in print or electronically, I declare that all assessment work provided will be written in my own words and will not have been copied and pasted from any other source.

The print copy applies where this declaration has not been affirmed by the student on Canvas

Student Declaration

I declare that I will undertake to comply with the Statement of Academic Integrity.
