

CPC30220 CERTIFICATE III IN CARPENTRY

CRICOS COURSE CODE 095759M (RELEASE 1)

COURSE OVERVIEW

Looking for a career in construction?

Site Institute delivers hands-on, high quality practical courses that provide participants with all the skills required to become a qualified tradesperson in Australia and overseas. Students have an engaging learning environment including workshops, practical activities and the most up-to-date tools and equipment. Learn core carpentry skills such as the construction of floors, walls, ceilings and roofing as well as internal joinery, installation of windows, doors, and cladding. During this course, you will also gain industry required competencies such as working safely at heights, and planning and organising work.

JOB PROSPECTS

Carpenter and Joiner

ENTRY REQUIREMENTS

- Completion of Year 10 or equivalent.
- Non school-leavers are selected according to eligibility and merit, vocational experience, previous study and personal competencies.
- English language requirements: IELTS 5.5 (with no individual band less than 5.0) or equivalent, or Site Institute pre-admission test level 4.

DURATION

- 104 weeks

PERSONAL PROTECTIVE EQUIPMENT

To ensure your safety and the safety of others, personal protection equipment (PPE) is required whenever you are working in the workshop. We will make available PPE including safety glasses, hearing protection and a hard hat. You will need to wear suitable protective clothing and steel-capped safety boots or safety shoes which meet specific industry requirements. We are happy to advise you on purchase of these products.

RECOGNITION OF PRIOR LEARNING

Recognition of Prior Learning (RPL) is available for each Unit of Competency, based on your relevant workplace experience, formal training, or other expertise. RPL is a process that assesses your competency—acquired through formal and informal learning—to determine if you meet the requirements for a unit of study.

You can use a variety of documentation to apply for RPL, including but not limited to records of completed training, assessment items, assessment records, declarations from your employer, and/or a copy of your student records provided by ASQA.

When applying for this course, please indicate whether you intend to apply for RPL. Please note that if RPL or course credit is granted, the course length will be reduced, and a Confirmation of Enrolment (CoE) will be issued only for the reduced duration of the course.

UNITS OF COMPETENCY (34)

CPCCCM2006 Apply basic levelling procedures

CPCCWHS2001 Apply WHS requirements, policies and procedures in the construction industry

CPCCCO2013 Carry out concreting to simple forms
