

CPC30220

Certificate III in Carpentry

CRICOS CODE 104870M

JOB PROSPECTS

Carpenter - Residential, Formwork or Commercial

DURATION

104 weeks

ENTRY REQUIREMENTS

- Be 18 years or over
- Have evidence of study at high school or higher education
- English language requirements: IELTS 6.0 (with no individual band less than 5.5), or PTE 50, Duolingo Test 105 or Site Institute English/LLN Test (CSPA)
- Prepare to work safely in the construction industry CPCWHS1001 (White Card)

PERSONAL PROTECTIVE EQUIPMENT

PPE is mandatory while working in the workshop to ensure your safety and that of others. We provide safety glasses, hearing protection, and hard hats. You must bring your own protective clothing, steel-capped safety boots/shoes that meet industry standards. We can assist you with purchasing these items.

Looking for a career in construction? Site Institute offers a hands-on, practical course for aspiring tradespeople in Australia and overseas.

Learn core carpentry skills, gain industry competencies, and work with up-to-date tools and equipment in an engaging learning environment.

WHY THIS COURSE?

Engaging Learning Environment

At Site Institute, we believe that learning should be both fun and practical. That's why we offer a dynamic learning environment that includes workshops, practical activities, and the latest tools and equipment.

Core Carpentry Skills

Our course covers all the core carpentry skills you need to become a professional, from constructing floors, walls, ceilings, and roofing to installing windows, doors, and cladding. You'll learn the techniques used by top tradespeople to create high-quality projects.

Real-world Application

Gain deeper understanding of the application of national construction codes (NCC) and standards.

Industry Competencies

In addition to core carpentry skills, you'll also gain industry-required competencies, such as working safely at heights, planning, and organizing work. These skills will make you a more valuable asset to any team.

CONSTRUCTION SITE REQUIREMENT

Prepare to work safely in the construction industry CPCCWHS1001 (White Card).

Students seeking to apply for the Graduate Work Stream Visa 485 should familiarise themselves with the TRA job-ready program.

UNITS OF COMPETENCY

Apply basic levelling procedures CPCCCM2006
Apply WHS requirements, policies, and procedures in the construction industry CPCCWHS2001
Carry out concreting to simple forms CPCCCO2013
Carry out general demolition of minor building structures CPCCCA3001
Carry out hand excavation CPCCCM2002
Carry out levelling operations CPCCOM3006
Carry out measurements and calculations CPCCOM1015
Carry out setting out CPCCCA3002
Conduct workplace communication CPCCOM1014
Construct and erect wall frames CPCCCA3004
Construct and install bulkheads CPCCCA3014
Construct ceiling frames CPCCCA3005
Construct eaves CPCCCA3008
Construct pitched roofs CPCCCA3007
Construct, assemble and install timber external stairs CPCCCA3016
Erect and dismantle formwork for footings and slabs on ground CPCCCA3028
Erect and dismantle restricted height scaffolding CPCCCM2008
Erect roof trusses CPCCCA3006

Fix standard plasterboard to wall sheets CPCCPB3001
Frame and fit wet areas fixtures CPCCCA3012
Handle carpentry materials CPCCCA2011
Identify construction work hazards and select risk control strategies CPCCWHS3001
Install exterior cladding CPCCCA3017
Install flooring systems CPCCCA3003
Install lining, panelling and moulding CPCCCA3024
Install windows and doors CPCCCA3010
Perform construction calculations to determine carpentry material requirements CPCCOM3001
Place and fix reinforcement materials CPCCOM1013
Plan and organise work CPCCSF2004
Read and interpret plans, specifications and drawings for carpentry work CPCCCA3025
Set up, operate and maintain indirect action powder-actuated power tools CPCCCA3027
Use carpentry tools and equipment CPCCCA2002
Work effectively and sustainably in the construction industry CPCCOM1012
Work safely at heights CPCCCM2012

RECOGNITION OF PRIOR LEARNING

Recognition of Prior Learning (RPL) assesses your competency from workplace experience, formal training, or expertise to determine if you meet the requirements for a unit of study. If you believe you are eligible for RPL, indicate your intent to apply when enrolling, as it may shorten your course and adjust your Confirmation of Enrolment (CoE) accordingly.

COURSE CREDIT

Our nationally endorsed qualifications include ASQA-approved Units of Competency. You need not repeat any units already assessed as Competent, unless mandated by regulations or licensing. When applying, submit evidence of completed units from other RTOs to receive credit.

WHY CHOOSE US?

Comprehensive Curriculum

Our program covers all aspects of carpentry, ensuring that you have a solid foundation in both the practical and theoretical aspects of the field.

Industry Connections

We partner with leading companies to provide our students with hands-on experience, internships, and job opportunities. Gain access to valuable resources and networking opportunities to jumpstart your career.

State-of-the-Art Facilities

Our modern, well-equipped workshops offer the perfect learning environment for mastering the latest tools and techniques. Experience first-hand the technology shaping the industry.

Experienced Instructors

Learn from the best! Our instructors are seasoned professionals with years of industry experience. They're passionate about sharing their knowledge and helping you succeed.

**INDUSTRY CONNECTED.
FUTURE FOCUSED.**
